WHEN WE THINK OF SCHOOL

The school provide a nurturing environment for the teachers as well as for the students.

Every individual has the freedom to strive for Excellence.

Heavy load of books, home work and exam pressures, strict punishments - are these thoughts that cross your mind when you think of a school ?

Let's think what REAL EDUCATION is all about.

WE BELIEVE

True Education is about nurturing the body, mind and spirit in a healthy, happy and a stress free environment - which makes coming to school an enjoyable experience.

FROM MANAGING DIRECTOR

Greetings from the Managing Director of Rang International School, Ankleshwar. We are delighted to come up with a school with state-of-the-art facilities in Ankleshwar, aligning our vision and mission with National Education policy 2020, and 21st century skill development. I thank you for finding time to know more about us. We aim at providing education that prepares the students how to learn rather than what to learn.

The school is located away from the hustle and bustle of the city and fills you with positive energy which is hard to match. We believe that, like the shades of the rainbow which is sometimes hidden in the clouds, every child is talented, unique and has potential.

We, at Rang International School, assure to provide joyful classrooms through which they can unleash the potential and explore themselves. Among the key aspects of Rang International School, much emphasis is laid on holistic development, facilities of all-round growth, and teacher and technology integration. Our multi-disciplinary approach will surely ignite the inbuilt curiosity of learners.

RIS envisions the education system based on Indian ethos, sustainable practices and global perspective. It is the right time to think what will be the position of India in the 21st century. India will be the torch bearer of the world in the coming days. The spark should begin from our classrooms...

Regards,
Mr Anilsinh Thakor
Founder & Managing Director

LADDER OF SUCCESS

excellence
enjoyment

The culmination of wisdom, culture, knowledge, and education is character.

- Think of success as a Leader.
- Mark where the millions stop.
- There's always a crowd at the bottom.
- Work hard as there is room at the top.

REACH GOAL

STICK TO IT

GET TO WORK

MAKE PLAN

SET GOAL

FUN LEARNING

Bringing one step closer to budding leaders' dream

“Tell me and I forget, teach me and I may remember, involve me and I learn.”
- Benjamin Franklin

BLISSFUL BEGINNINGS

Joyful Pre-Primary

“A Library is the great gymnasium where we go to make our minds strong.”
- Swami Vivekanand

“ Education is the key to unlocking the world, a passport to freedom. It empowers minds, enriches lives, and builds bridges to a better future for all. ”

“ Learning is an adventure that should sparkle with curiosity and laughter. Education with a touch of fun not only enlightens minds but also turns the journey into a joyous exploration. ”

FEATURES

LEARNING STUDIOS

A.I. Studio

is designed to keep children in pace with latest developments in the field of science and technology.

Life Skill Studio

is designed to make our kids sensitize about spiritual values and importance of ethics through activities.

CORE VALUES STUDIO

is designed to give a wide idea about useful public places, social behaviors, persons and civic mannerism.

NUMBER STUDIO

is designed to make children familiar with numerical values and basic use of it.

Design Studio

young children have imaginations, fantasize and flow of creative thoughts which is transformed into reality with colors and craft work.

PUPPET STUDIO

is designed where children can visualize their favorite story from the puppet's mouth.

HOME STUDIO

is designed to learn about Home, family, surroundings and things required to live a happy life.

READING STUDIO

is designed to inculcate the reading habit. Here kids enjoy reading stories and make books their best friend.

Kids' Studio

is designed to allow children to enjoy their natural childhood. It is a studio of fun and frolic with their peers.

SHOPPING STUDIO

is developed to give insight about different useful goods, concept of money, utility of right purchase, billing and payments.

INFRASTRUCTURE

RIS campus currently occupies a space of 4 acres. We encourage students to enjoy study and discover their own uniqueness in our campus, which is child friendly. By applying their knowledge to understand the world on their terms, they are also able to recognize their own talents.

Our campus acquires all fundamental to advanced facilities students require to dwell, learn and grow.

We believe that the peaceful mind would be able to grasp and flourish better. So, we have kept our campus close to nature so that the students get a clean and pure atmosphere without any distractions.

A Unique
green Campus
Outside of City, Near to Nature.

Greetings from Rang International School!

In our fast-paced, tech-driven world, let's not forget the importance of human science. Literature, Psychology, History and Philosophical theories teach us core socio-cultural values like Kindness, Integrity, Gratitude, Empathy, and Respect essential for a meaningful life and to built strong communities.

The human science help us think critically, understand diverse view points, and engage with the world deeply. Success isn't just about academics; it's about becoming compassionate, thoughtful and responsible individuals. Let's Embrace these values throughout the life.

Greetings from Rang International School!

I reflect with immense pride and gratitude on our journey. Despite being a new institution, RIS has established itself as one of the finest schools, offering deep insights and first-hand learning experiences that shape young minds for the future. Our scholars have excelled not just in academics but also in sports, personal growth, and social responsibility—values we hold dear as a Green School. We integrate technology, including AI, while ensuring a strong foundation in life skills, empathy, and cultural awareness. Our SMART goals guide structured learning, fostering excellence in reading, writing, and mathematics. Through experiential learning and teamwork, we prepare students for an evolving world. RANG stands as a beacon of innovation and tradition, and I am proud of what we have achieved. Wishing our scholars continued success—let's grow and excel together!
